Overall Length:

3.938 inches

Product Name:

Fsc application data: radio and television communication equipment, except airborne

Special Features:

Printed wiring board 1, capacitor 27, coils 14, crystal 3, rotary switch 1, resistor 11, semiconductor device 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
