Overall Length:

10.000 inches

Overall Height:

0.812 inches

Overall Width:

5.875 inches

Product Name:

Fsc application data: indicator, azimuth range, radar, nonairborne

Special Features:

Capacitors 39, coils 2, diodes 21, integrated circuits 5, printed wiring board 1, resistors 55, transformers 3, transistors 8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
