Overall Height:

0.800 inches

End Application:

Test bench, infrared equipment, alignment fixture

Special Features:

diameter: 2.200 in.; major components: capacitor 6; microcircuit 1; printed wiring board 1; resistor 5; mounting configuration: panel mtd

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
