**Overall Height:**

0.800 inches

**End Application:**

Test bench, infrared equipment, alignment fixture

**Special Features:**

diameter: 2.200 in.; major components: capacitor 6; microcircuit 1; printed wiring board 1; resistor 5; mounting configuration: panel mtd

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
