Overall Length:

9.000 inches

Overall Height:

0.440 inches

Overall Width:

6.000 inches

End Application:

Device 2f107, kc-130f operational flight trainer

Special Features:

Realy 4, semiconductor device diode 4, printed wiring board 1; mounting configuration: plug-in mtd; fsc application data: flight trainer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
