Overall Length:

5.020 inches

Overall Height:

0.580 inches

Overall Width:

4.040 inches

Product Name:

Fsc application data: receiver-transmitter

Special Features:

Printed wiring board 1, capacitor fixed 26, resistor fixed 93, resistor variable 4, transistor 7, diode 28, integrated circuit 7, resistor thermal 3, coils 6, delay line 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
