**Overall Length:**

3.875 inches

**Overall Height:**

2.688 inches

**End Application:**

Missile aim-9 sidewider

**Product Name:**

Fsc application data: test set, guided missile launcher

**Special Features:**

Printed circuit board 1, capacitor 5, resistor 4, microcircuit 35

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
