Overall Length:

5.125 inches

Overall Height:

0.395 inches

Overall Width:

2.500 inches

End Application:

Used on switching unit in mk27mod1 gyro onboard 210 ft and various other coast guard vessels

Special Features:

Printed wiring board 1, adapter 3, capacitor 1, diode 7, transistor 3, resistor fixed 14

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
