Overall Length:

6.950 inches

Overall Height:

0.740 inches

Overall Width:

4.400 inches

Product Name:

Fsc application data: power supply assembly, advance radar processing system, an/aps125

Special Features:

Printed wiring board 1, microcircuit 9, capacitor 32, diode 29, filter 1, connector 1, transistor 24, isolator 2, resistor 140

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
