**Overall Length:**

6.500 inches

**Overall Height:**

2.312 inches

**Overall Width:**

1.625 inches

**End Application:**

Measuring and test instruments

**Special Features:**

Actuator cam switch 2, capacitor 2, chassis electrical equip 2, cca 2, contact assembly electrical 2, resistor 2; ch-2 attenuator assembly; three 4-40 screws and one 4-40 hex nut

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
