Overall Length:

3.470 inches

Overall Height:

1.550 inches

Overall Width:

2.465 inches

Product Name:

Fsc application data: power supply assembly, advance radar processing system

Special Features:

Shell 1, printed wiring board output capacitor 2, capacitor 51, resistor 4, terminal stud 18, connector 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
