Overall Length:

4.280 inches

Overall Height:

0.290 inches

Overall Width:

4.000 inches

Features Provided:

Electrostatic sensitive

Special Features:

Major components: printed wiring board 1, resistor 17, capacitor 10, microcircuit 15, edge connector 1; mounting configuration: plug-in mtg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
