Overall Length:

10.000 inches

Overall Height:

1.500 inches

Overall Width:

7.125 inches

Product Name:

Electronic component assembly

Special Features:

Major components: resistor 9, relay 5, diode 4, transformer 1, circuit breaker 1, light indicator 1, terminal strip 1, connectors 4; mtg configuration: mtg by use of connector plug; exterior container qty: 1; unit of issue 0.18 cubic ft.; unit of issue weight 4.0 lbs.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511k0
