Overall Length:

4.500 inches

Overall Height:

0.937 inches

Overall Width:

3.500 inches

Product Name:

Fsc application data: navair maintenance, training device

Special Features:

Capacitor 11, diode 3, microcircuit 11, printed wiring board 1, resisto, fixed 24, resistor, variable 2, resistor network 1, transistor 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
