Overall Length:

3.980 inches

Overall Height:

0.500 inches

Overall Width:

1.780 inches

Product Name:

Fsc application data: radio and television communication equipment, except airborne

Special Features:

Printed wiring board 1, terminal 5, transipad 6, capacitor 18, diode 4, coil 2, bobbin 2, core 2, adjustable element 2, mount assembly 2, transistor 6, resistor 23

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
