Overall Length:

3.050 inches

Overall Height:

0.500 inches

Overall Width:

2.850 inches

Product Name:

Fsc application data: radio and television communication equipment, except airborne

Special Features:

Printed wiring board 1, terminal 8, socket 1, transipad 5, capacitor 22, diode 3, coil 1, core 2, inductor 1, transistor 5, resistor 29, transformer 1, crystal 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
