Overall Length:

5.000 inches

Overall Width:

1.250 inches

End Application:

An/tpb-1c

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Usage design: inverter

Special Features:

Printed wiring board 1, integrated circuit 2, diode 2, capacitor 11, resistor 12

Precious Material:

Gold and silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
