Overall Length:

5.562 inches

Overall Height:

0.687 inches

Overall Width:

4.625 inches

Product Name:

Fsc application data: radio and television communication equipment, except airborne

Special Features:

Capacitor 50, diode 4, heat sink 1, printed wiring board 1, resistor 65, transformer 2, transistors 13

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
