**Overall Length:**

5.562 inches

**Overall Height:**

0.578 inches

**Overall Width:**

4.625 inches

**Product Name:**

Fsc application data: radio and television communication equipment except airborne

**Special Features:**

Capacitor 61, coil 12, diode 13, integrated circuit 11, jack 3, printedwiring board 1, resistor 76, thermal resistor 1, transistors 10, turret lug 1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
