Features Provided:		
Electrostatic sensitive		
Special Features:		
Major components: printed wiring board 1; capacitors 30; diodes 12; tra	ansistors 6; connectors 26; resis	stors 96; integrated circuit 20;
socket electrical 33; pin roll 2; handle 2		
Precious Material And Location:		
Contact surface gold		
Shelf Life:		
N/a		
Unit Of Measure:		
Demilitarization:		
No		
Fiig:
