| End Application:                       |
|--|
| Peculiar items for fms only            |
| Features Provided:                     |
| Electrostatic sensitive                |
| <b>Criticality Code Justification:</b> |
| Cbbl                                   |
| Special Features:                      |
| Diode 1, resistor 1, capacitor 1       |
| Shelf Life:                            |
| N/a                                    |
| Unit Of Measure:                       |
|  |
| Demilitarization:                      |
| No                                     |
| Fiig:                                  |
