Overall Length:

12.000 inches

Overall Height:

0.750 inches

Overall Width:

5.250 inches

Product Name:

Fsc application data: oscilloscope

Special Features:

Actuator, switch 4, adapter, shaft, coupling 4, bracket, circuit board 1, capacitor 56, coil 8, connector body 8, connector, receptacle electrical 4, cover half, transistor 4, extension shaft 4, guide, switch 4, lampholder 2, lamp, incandescent 2, lever, switch 4, microcircuit 3, printed wiring board 1, resistor 196, follower, detent 8, semiconductor device, diode 47, semiconductor device, set 2, socket 163, spacer, switch 1, spring, flat 8, test point 3, transistor 33

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
