Overall Length:
6.880 inches
Overall Width:
4.000 inches
Special Features:
Printed wiring board 1, transistor 2, transformer 1, capacitor 13, diode 3, resistor fixed 15, resistor variable 1, resistor network 4, integrated
circuit 6, connector receptacle 1, connector plug 1, filter 1, switch 2
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
File:
