| Overall Length:                             |
|---|
| 1.125 inches                                |
| Overall Height:                             |
| 0.093 inches                                |
| Overall Width:                              |
| 0.670 inches                                |
| Product Name:                               |
| Fsc application data: temperature indicator |
| Special Features:                           |
| Microcircuit 2, printed wiring board 1      |
| Shelf Life:                                 |
| N/a   |
| Unit Of Measure:                            |
|   |
| Demilitarization:                           |
| Yes - demil/mli                             |
| Fiig:                                       |
| A511k0                                      |
