**Overall Length:**

4.300 inches

**Overall Height:**

0.062 inches

**Overall Width:**

2.250 inches

**Features Provided:**

Electrostatic sensitive

**Special Features:**

Major components: resistor 25; capacitor 11; coil 1; relay 1; transformer 1; printed wiring board 1; mounting configuration: plug-in mtg

**Precious Material And Location:**

Contact edge of board gold

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
