Overall Height:

0.572 inches

Product Name:

Fsc application data: memory module assembly

Special Features:

Capacitor 74, diode 61, microcircuit 31, printed wiring board 1, resistor 63, resistor network 12, transistor 24, transformer 12

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
