End Application:

6680-01-081-9181 indicator, electric

Special Features:

Printed wiring board 1, pad, insulator 3, straight header 4, pin, berg 7, capacitor 20, diode 5, transistor 3, integrated circuit 4, resistor, variable 2, resistor 46

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
