**Overall Length:**

4.000 inches

**Overall Width:**

3.500 inches

**Features Provided:**

Electrostatic sensitive

**Special Features:**

Major components: resistor 37; capacitor 18; crystal 11; printed wiring board 1; coil 1; mounting configuration: plug-in mtg

**Precious Material And Location:**

Contact edge of board gold

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
