End Application:
F-16 aircraft age interface test adapter
Product Name:
Logic test no 1
Special Features:
Major components: printed wiring board 1; resistor 43; retainer-ejector 2; polarizing key 2; plug 1; mounting configuration: plug-in type
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:

Fiig:

A511k0

Yes - demil/mli
