Overall Length:

8.000 inches

Overall Height:

0.482 inches

Overall Width:

4.875 inches

End Application:

F-16 aircraft age; simulated a/c maintenance trainer

Product Name:

Asynchronous interface

Special Features:

Major components: capacitor 14; connector 1; printed wiring board 1; microcircuit 5; resistor 16

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511k0
