Overall Length:

4.000 inches

Overall Height:

0.250 inches

Overall Width:

2.500 inches

End Application:

Part of radar weather subsystem type fa8172

Special Features:

Major components: capacitor 1, microcircuit 6, printed wiring board 1; mounting configuration: plug in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
