Overall Length:

7.125 inches

Overall Height:

1.937 inches

Overall Width:

4.125 inches

Special Features:

Transistor 10, diode 17, transformer 1, connector 1, operational amplifier 2, integrated circuit 1, capacitor 18, resistor 41, printed wiring board 1

Specification Data:

27914-4007758-0501 manufacturers source control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511k0
