Overall Length:

6.500 inches

Overall Height:

0.300 inches

Overall Width:

6.400 inches

End Application:

An/grc-20 (v)

Special Features:

Audio interface circuit card; i/p 16vdc, 8.5vdc, 12vdc; o/p 12vdc; multi-layered, provides audio interface with the unified radio set control, inter-comm and 4 radios; provides fiber optic interface at the signal distribution unit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
