Overall Length:

4.562 inches

Overall Height:

1.250 inches

Overall Width:

4.062 inches

End Application:

Llwas

Special Features:

Major components: capacitor 8; diode 1; module 6; printed wiring board 1; resistor 6; wire leads 5; mounting configuration: mechanically mounted; p/o llwsas

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
