Overall Length:

3.187 inches

Overall Height:

2.000 inches

Overall Width:

1.625 inches

Product Name:

Fsc application data: radio and television communication, except airborne

Special Features:

Capacitor 1, connector 1, diodes 26, printed wiring board 1, resistors 31, switch assembly 1, transistors 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
