Overall Length:
8.500 inches
Overall Height:
0.937 inches
Overall Width:
5.750 inches
Product Name:
Fsc application data: radio and television communication equipment, except airborne
Special Features:
Dcapacitors 106, coils 15, connectors 9, contacts 39, diodes 20, filter 1, crystal filter 1, integrated circuits 9, jacks 4, printed wiring board 1,
hexogon post 1, resistors 161, transformers 6, transistors 28
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
Yes - demil/mli
Filg:
A511k0
