Overall Length:

7.600 inches

Overall Height:

1.800 inches

Overall Width:

4.100 inches

End Application:

F-16 aircraft age.

Product Name:

Usage design: low voltage power assembly

Special Features:

Printed wiring board 1, capacitor 27, resistor 68, transistor 15, diode 36, heat sink 5, electrical clip 10, mounting pad 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
