**Special Features:**

Mtg plate material glass epoxy per mil-p-18177; contact outer sleeve material brass per qq-b-626 or phosphor bronze per qq-b-750; inner contact material beryllium copper per qq-c-530; finish gold per mil-g-45204 over nickel per qq-n-290; contact current rating 3.0 amps; 6.750 in. Lg.; 4.000 in. W.; (10) holes 0.125 in. Dia.; (6) holes 0.150 in. Dia.; precious material and weight: gold, 0.005 troy grains

**Precious Material And Location:**

Contact surface gold

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
