Overall Length:

2.375 inches

Overall Height:

1.500 inches

Overall Width:

4.687 inches

End Application:

6525-01-099-2320 x-ray apparatus dental, siemens heliodent 70

Product Name:

Circuit card assembly printed wiring board e.l. Nsn6525010992320

Special Features:

Major components: printed wiring board 1; variable resistor 3; resistor 15; integrated circuit 4; diode 4; transistor 2; capacitor 5; relay 1; transformer 1; bridge rectifier 1; led 3; connecting pins male 3; solder pins 2; cubic measure: 16.7 cubic inches; mounting configuration: two 0.187 in. Diameter mounting holes 3.125 in. Center to center; container quantity: 1; functional description: 50-60 hz operation; cubic unit of issue: 0.01 cubic feet; weight unit of issue: 0.125 pounds; purchase description: 25088-5883236d3152; fsc application data: dental x-ray apparatus

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511k0
