**Overall Length:**

6.250 inches

**Overall Height:**

1.500 inches

**Overall Width:**

2.375 inches

**End Application:**

6525-01-099-2320 x-ray apparatus, dental, siemens heliodent 70

**Product Name:**

Circuit card assembly printed wiring board e.l. Nsn6525010992320

**Special Features:**

Major components: printed wiring board 1; variable resistor 1; bridge rectifier 2; capacitor 6; fuse 1; fuse holder 1; transformer 1; heat sink 1; transistor 1; diode 1; connecting pins male 2; solder terminals 5; mounting configuration: four 0.187 in. Diameter mounting holes 6.000 in. By 2.000 in. Center to center; cubic measure: 18.703 cubic inches; unpackaged unit weight: 0.250 pounds; container quantity: 1; functional description: 50-60 hertz operation; cubic unit of issue: 0.01 cubic feet; weight unit of issue: 0.250 pounds; purchase description: 25088-5875802d3152; fsc application data: dental x-ray apparatus

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A511k0
