**Features Provided:**

Electrostatic sensitive

**Special Features:**

Major components: printed wiring board 1; capacitor 18; resistor 69; diode 19; transistor 2; microcircuit 15; relay switch 5; edge connector 1; mounting configuration: plug-in mtg

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
