Overall Length:

8.250 inches

Overall Height:

1.750 inches

Overall Width:

8.000 inches

End Application:

Malsr/r master timer, type fa9989

Special Features:

9capacitor 22, diode 32, microcircuit 4, printed wiring board 1, relay 6, resistor 85, transistor 9; function, input/output interface pcb assembly; reference data, 5a6a4, ti-6850.54, fa-9989, malsr, hv reil & reil flashing light systems, sec 1-10, pg 8-103

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
