Overall Length:

15.150 inches

Overall Height:

1.120 inches

Overall Width:

7.400 inches

End Application:

F-111 ave tack

Special Features:

Major components (1) backup plate; (62) capacitors; (24) connectors; (1) pwm back panel; fsc application data: an/apq-161;
supplementary feature: nha is main frame assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
