**End Application:**

Multiplexer/demultiplexer td-1220/g and td-1246/g

**Special Features:**

Major components: printed wiring board multiplex clock 1; capacitor 27; resistor 27; microcircuit 15; programmed for various operating frequencies; unique program

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
