**Overall Length:**

6.500 inches

**Overall Height:**

0.620 inches

**Overall Width:**

5.000 inches

**End Application:**

6630-01-120-8419 blood gas apparatus model 168; 51404-002874703 circuit card assembly

**Product Name:**

CIRC-UI-TCA-RDAS

**Special Features:**

Major components: printed wiring board 1; card ejector set 1; integrated circuits 8; capacitors 15; program assembly 6; male socket 24; lead 1; two mounting lever locks located on end of board

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A511k0
