Overall Length:

6.500 inches

Overall Height:

0.620 inches

Overall Width:

5.000 inches

End Application:

6630-01-120-8419 blood gas apparatus model 168; 51404-002874703 circuit card assembly

Product Name:

CIRC-UI-TCA-RDAS

Special Features:

Major components: printed wiring board 1; card ejector set 1; integrated circuits 8; capacitors 15; program assembly 6; male socket 24; lead 1; two mounting lever locks located on end of board

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
