Overall Length:

12.250 inches

Overall Height:

4.000 inches

Overall Width:

5.500 inches

End Application:

Test set, electronic, 6625011664186, an/apm-434 & an/apm-352

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Input/output interface

Special Features:

Plug-in mounting

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
