Overall Length:

11.500 inches

Overall Height:

0.500 inches

Overall Width:

7.312 inches

End Application:

6625-01-056-0952 test set, electronic systems

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Special Features:

Six 0.156 in. Diameter holes spaced on random centers; pwb-1; resistors 88; capacitors 48; microcircuits 30; diodes 64; transistors 24

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
