Overall Length:

10.000 inches

Overall Width:

7.350 inches

End Application:

Master suite installation t20f17

Product Name:

Usage design: distributor/driver

Special Features:

Printed wiring board 1; capacitor 25; resistor network 1; microcircuit 44

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
