End Application:

Model sh60b helicopter mark iii

Special Features:

Printed wiring board 1, electrical connector 1, fixed capacitors 8, transistors 12, fixed resistors 39, semiconductor devices 7; cognizant service: navy; fsc application data: automatic flight control systems, acft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
